***Specializing in Emergency Response,  
Disaster Clean Up & Complete Restoration***

When your life is turned upside-down, Aztec Construction and Restoration is here to get you back on track. An unexpected disaster can occur at any moment, but with Aztec at your side the process of restoration quickly becomes a reality. We pay careful attention to the structural integrity and extent of damage. Our process is that of meticulous evaluation to restore everything back to original or better condition. When you need help, you need real solutions not shortcuts or cover-ups. Aztec provides extensive assistance in all areas of recovery including, but not limited to: evaluation of damages and repairs needed, evaluating costs with full extent of the damages, handling the claim from start to finish and working directly with all insurance providers to assure a flawless execution of all services provided. We work to get you back where you belong as soon as possible without compromising the end product. Customer satisfaction is taken very seriously here at Aztec.
